

EMILY QHAWEKAZI MARAMANI

FULL-STACK WEB DEVELOPER | ANDROID DEVELOPER

Johannesburg, South Africa | +27 69 518 3174 | emilyqm01@gmail.com
Portfolio: ghawekazii.github.io/My-Portfolio/ | GitHub: github.com/Qhawekazii

PROFESSIONAL SUMMARY

Junior Full-Stack Web and Android Developer with hands-on experience building responsive, user-focused web and mobile applications using React, Node.js, Express.js, MongoDB, Firebase, and REST APIs. Completing intensive training through Zaio x iHub and a Higher Certificate in Mobile and Web Development at Rosebank College. Proven ability to design and deploy full-stack e-commerce and data-driven applications with authentication, database integration, and responsive UI. Skilled in Kotlin, Jetpack Compose, and React Native for cross-platform mobile development, with strong Git/GitHub collaboration skills. Brings four years of customer-facing and administrative experience, strengthening communication, troubleshooting, documentation, and attention to detail.

TECHNICAL SKILLS

Front-End Development: HTML5, CSS3, JavaScript (ES6+), React.js, React Context API, custom React hooks, responsive design, UI/UX design

Back-End & APIs: Node.js, Express.js, REST API development and integration, MongoDB, Firebase Firestore, Firebase Authentication

Mobile Development: Kotlin, Jetpack Compose, React Native, Android UI, API integration

Tools & Workflow: Git, GitHub, Visual Studio Code, npm, Postman, deployment platforms, Agile/collaborative development

Professional Strengths: Problem-solving, team collaboration, communication, documentation, time management

PROJECTS

Urban Threads — E-Commerce Web Application | *HTML5, CSS3, JavaScript, Firebase Firestore, Firebase Authentication*

- Designed and developed a fully functional e-commerce web application for a fictional streetwear brand, with dynamic product categories including hoodies, T-shirts, sneakers, and accessories.
- Integrated Firebase Firestore to dynamically fetch and render product data, ensuring the catalogue updates in real time without manual code changes.
- Implemented Firebase Authentication to handle secure user sign-up, login, and logout functionality.
- Built a shopping cart system allowing users to add and remove items, view a summary of selected products, and see an accurate running total price.

PawFinder — Dog Breed Explorer | *React.js, React Context API, Custom Hooks, REST API Integration*

- Collaborated with a development team to build a responsive React application that lets users discover dog breeds, search for dogs, and view detailed breed information.
- Implemented global state management using the React Context API and custom hooks to handle favourites and shared application data across components.
- Integrated a third-party REST API to fetch live dog breed and image data, with reusable components for consistent UI across views.
- Practised collaborative Git/GitHub workflows, including feature branches, pull requests, and code review, as part of a team-based development process.

KinderNest | *Responsive Web Application*

- Designed and deployed a childcare platform with clear navigation, mobile-responsive layouts, and user-focused content organisation.

To Do List App | *JavaScript, DOM Manipulation*

- Implemented dynamic task management and event handling without requiring page refreshes.

iHub Prototype | *Collaborative Web Project*

- Coordinated design and development tasks with team members to deliver a cohesive, responsive client website prototype.

EDUCATION AND DEVELOPMENT

Zaio x iHub | *Full-Stack Web Development Programme*

Mar 2026 - Present

- Project-based training in React, Node.js, Express.js, MongoDB, Firebase, REST APIs, Git/GitHub workflows, responsive design, and deployment.

Rosebank College | *Higher Certificate in Mobile and Web Development*

Present

- Developing web and mobile applications with a focus on application principles, Android development, and user experience.

PROFESSIONAL EXPERIENCE

iContact BPO | *Customer Service Agent*

2024 - 2025

- Resolved product and service queries for international customers, diagnosed issues, and maintained accurate CRM case records.

Setsoto Office Supplies | *Personal Assistant*

2022 - 2023

- Managed schedules, email, records, and documentation while coordinating with clients, suppliers, and internal teams.

I-Talk Financial Services | *Call Centre Agent*

2021 - 2022

- Supported insurance and medical data-capturing campaigns, verifying confidential information and working toward performance targets.
